

# TH30

PROFESSIONAL STEREO GAMING HEADSET

## UNMATCHED PERFORMANCE

### 53mm DRIVER

These 53mm drivers deliver powerful and rich bass to make sure you feel every beat realistically around you.

### 3.5mm JACK

Gold-plated 3.5mm Jack delivers sharper and improved sound quality and it prevents wear and tear from frequent plug and unplug actions.

### COMFORTABLE EAR CUPS

The large ear cups encompass your entire ear and it is made out of soft cushion so there is no pressure to the ear after long hours of use.

## ULTIMATE ENJOYMENT

### EAR CUPS ADAPTATION

The closed adaptation of the ear cups not only provide comfort to your ears but it also gives you a more surreal sound experience due to the tight fit to the contour of your head.

### STEREO 2.1

A 2.1 channel system includes a subwoofer with the stereo speaker and it is a great way to enjoy movies and PC games.

### ANTI-NOISE MIC

The anti-noise control filters out the unwanted sound and that results in higher voice recognition and delivering enhanced speech accuracy.

## UNPARELLELED DESIGN

### UNIVERSAL CONNECTION

3.5mm Jack and the microphone jack share the same connection specification and therefore you are free to swap them according to your preference.

### AESTHETIC DESIGN

Unlike a standard headset, the ear caps of TH30 is made of metal mesh in black color which adds a certain tech feel to its overall look.

### STAINLESS STEEL

The adjustable head band is manufactured with stainless steel which is resilient to frequent stretching and deforming of the headset.
